THAW DESIRES SELF AS TOURIST TO PROBE BOARD

He Talks Law, and Declares that He Should Be Free from Molestation.

ADJOURNMENT TAKEN TO CONSIDER POINT

Question of Insanity is Not Touched Upon, by Special Body to Decide Whether He Should Be Deported from Canada.

Outlook, Sept. 4.—For two hours today Thaw faced a special board of inquiry seeking to deport him from the dominion under the immigration act and pressed the point that he entered Canada as a tourist, and as such was not a menace to the public. The board agreed to consider his contention and at noon adjourned until two o'clock.

Thaw Takes Stand.

Thaw was sworn and took the stand. He was followed by H. Johnston, a farmer, who drove him over the border and then deserted him, and by Ben. Cadeaux, at whose inn at Barford, he stayed last night.

His testimony was taken in secret and only snatches of it could be obtained from counsel.

The questioning up to adjournment at noon all bore on the charge involving "Entering Canada by stealth."

The point of insanity was not touched upon.

Expecting a quick decision and a dash to the frontier, Thaw, William Travers, Jerome paced up and down the station platform below the immigration detention room while the hearing was held, with his grey car ready to start on an instant's notice.

Rumors flew about that Thaw's lawyers were planning a coup by applying for another writ of prohibition, but this was impossible of confirmation here. Idlers swarmed about the building.

Thaw was represented at the hearing by Charles D. White, W. L. Shurtliff and H. B. Fraser. His new counsel, T. K. Laffame, left town suddenly this morning on a basis for the report that a writ of prohibition would be sought. Counsel for New York state attorneys, John H. Hutchison at Sherbrooke had refused to grant Laffame, of Thaw's counsel, a writ of prohibition.

Thaw Sleeps Well.

Harry K. Thaw slept well and was up early today to appear before a special board of inquiry authorized under the immigration act to decide whether he had been an inmate of an institution for the insane or had crossed the border "by stealth."

The scene of the secret hearing in a tiny office just off the immigration detention room, where Thaw spent the night under guard and 9.30 was the hour set for the opening.

Chief of the immigration assistant superintendent of immigration, who was the presiding officer, assisted by Officers J. Williams and Garret.

Two physicians, Drs. Ours and Beauchamp, were on hand to examine the prisoner, and Dr. Raymond Kieh, superintendent of the Maternan Asylum, was held in readiness to testify as to Thaw's confinement there as the inmate lawyer of Stanford White.

Delay in Starting.

There was delay in getting the inquiry under way. Thaw became impatient, tapped close to a window and let the crowd get a sight of him. He had on his straw hat and was smoking a pipe, and a crowd passed under the window, but did not look up. Four detention police blocked the entrance to the stairway. A woman came with flowers for Thaw and was denied admission.

"Better have your machines ready, boys," said Jerome to the newspapermen. "We soon will be in the act." The first person examined was Thaw himself. He was examined as to his entrance to Canada. Thaw said he had a train at Rochester, N.H., and his objective point was Pittsburgh. He bought several tickets he said in his route was uncertain. He told of hiring two farmers to drive him here after leaving the train.

Adjournment at Noon.

At noon the hearing was adjourned until 2 o'clock. The adjournment came after Thaw himself had brought up the point that his case came under what is known as the tourist law in the immigration act. He contended that he was a tourist passing through Canada and that under section 2, paragraph 4, of the act, he was exempt from molestation.

IDENTIFY GUN CASE PROPERTY OF L. E. PITTER

Was Stolen from His Shack Near Collegiate Recently.

NEW DEVELOPMENTS IN MURDER EVERY HOUR

Police Refuse to Say Why They Wired to Chicago to Ascertain What Dealer Sold Revolver Which Was Found.

Every hour further developments are brought out in the murder case of Jas. McNulty. The police who have worked assiduously on the clues found which so far eliminated that there seems now to be one or two persons who could have committed the crime. After listening to several people, all of whom claim they saw a strange man in the vicinity during the last few days, the detectives believe that the crime was committed either by a tall thin fair man who seemed to be a little crazy or else by a short thick set dark man wearing dark grey clothes who was seen around the neighborhood. This man, from the description, would seem to be a half-breed or one of the types who were encountered nearby. The police feel certain that it is either one of these two men and have taken steps to find them.

This morning the members of the force found no more evidence of the fact that the man had lived in the Collegiate for some time previous. Numerous articles ranging from handkerchiefs to razors were discovered. Pocket books, shaving utensils, letters, a mirror, and many articles of clothing such as ties, collars, etc., were piled up on the table in the desk at the police station. Two complete suits and three pairs of trousers were also found in the vicinity.

The gun case which was discovered near the scene of the shooting and which it is believed was the one in which the gun was taken has been identified. It is one which was stolen from the gun case of L. E. Pitter who resides near the Collegiate. He had been away, returning to the city only yesterday and found that his place had been entered and several articles stolen. He positively identifies the gun case as one which was stolen from him. A thorough search of every house and building within half a mile of the scene of the tragedy has failed to reveal the hiding place of the gun. It is certain that the man who would surely take a chance upon walking around with it after committing the deed and must have cached it some place.

Same Theories.

Among the articles recovered was a letter which the police refused to divulge to the newspaper. The letter, which was addressed to the chief of police, Chicago, asked him if possible to send him a revolver. A certain revolver from a man named L. E. Pitter, who is a resident of the city, was found. This is the gun which was found and the letter seemed to have something to do with it. The chief of police, who is one of the most prominent of the city, has expressed the opinion that they have at the present time, the best lead in the case. Numerous theories for the motive have been advanced, all being rejected except two. Robbery certainly had nothing to do with it, as the man would not have made such elaborate plans had he merely intended that. It would have been possible for him to enter the shack any afternoon when McNulty came down town. This he must have believed if he was a robber, as he would have taken the gun from him. The chief stated that the motive was either a desire for revenge or a desire for money.

CHINESE BRINGS FORT WITNESSES TO PROVE CASE

Health Department Charged Him With Keeping a Dirty House.

CHIEF TOPIC AT STATION WAS MURDER OF McNULTY

Well-known Real Estate Man Has Nervous Breakdown in Witness Box—Speed Merchants Are Fined.

The main topic around the corridors of the police station this morning was not, as usual, about the cases which were being tried, but about the brutal murder which interested the detective force. Witnesses, lawyers, in fact everyone, gathered in the crowded courtroom to hear the case of the Chinese who was charged with the murder of McNulty.

Seven drunks took the bench at the opening and all paid their fines. The city lowering case of that of Mah Kim, who the health department accused of keeping a dirty rooming house. Mah had about 40 Chinese witnesses who could speak no English and the services of an interpreter had to be called in. This, of course, is a tedious proceeding, and took up nearly the entire morning. The court decided that Mah was guilty and fined him.

Joe Williams, a well-known real estate man who was a witness in one case, was taken to the hospital after being hit in the box. He fell to the floor and had to be carried from the courtroom and was taken to the hospital.

After resting for about half an hour he was able to go to his home.

Several cases of auto accidents came up this morning. The case of Perkins and Hamilton, who got off because they were not in the car at the time of the accident, was the most interesting.

After Wright and Hattie Morris, two young ladies, who were up on a vag charge, were each fined \$10 and costs.

LIGHTNING TEARS OFF GIRLS' SHOES AND FUR OFF CAT

Entire Family of Five, While Sitting in the Kitchen, is Temporarily Blinded by Flash Which Seemed Completely to Envelop the House in the Performance of its Antics.

Prince Albert, Sask., Sept. 4.—Lightning which accompanied a severe storm passing over this district late yesterday afternoon and last evening executed some peculiar antics at the home of Frank Leblanc, a farmer in the township of Leblanc, a few miles from this city. The family of five were sitting in the kitchen during the storm when they suddenly were blinded momentarily by lightning which seemed to completely envelop the house, being followed instantly by a fearful crash of thunder. The shoes of two little girls were torn completely off their feet without injury to them, and incidentally striped a cat of its fur. None of the people were injured, but the chimney was torn from the house and many boards were ripped off in various places.

ARMY LIEUTENANT IS KILLED BY AIRCRAFT

Puff of Smoke Comes From His Machine and Then it Dashes 300 Feet to Earth Like a Shot.

San Diego, Cal., Sept. 4.—First Lieutenant Mass L. Love, signal corps, U. S. A., was instantly killed today when his airplane plunged 300 feet to earth from the sky. The army aviation school near here.

Shortly before the accident he began to descend from an altitude of approximately 2000 feet. When 300 feet from the ground watchers saw a puff of smoke coming from the machine and it dropped like a shot.

DELIBERATELY PLACED HEAD UNDER WHEELS

Just as No. 1 was Pulling Out of Station Man Stopped Down and Placed His Skull on the Track.

Moose Jaw, Sask., Sept. 4.—A No. 1 was pulled out at noon a man as yet unidentified deliberately placed his head beneath the wheels of the observation car. All the wheels went over his head and he was killed instantly. Despite the crowd on the depot he saw it. He was between 40 and 60 feet from the track. The cause of his injury was unaccountable. He had no papers in his pocket.

CALL MEETING TO SOLVE THE GRAIN CONGESTION

Harbor Commissioners of Montreal State that the Congestion is Now More Serious Than Was Thought.

Montreal, Que., Sept. 4.—The Montreal harbor commissioners summoned the leading men in the grain business this morning for a meeting to discuss with the object of finding the best and quickest solution of the present grain congestion.

That it is serious is now admitted, and it is feared that unless some adequate remedy is found, the situation will become worse. The most serious danger is the possibility of the diversion of shipments via American ports as a result of the congestion.

\$6,000,000 ESTATE LEFT BY DUKE OF SUTHERLAND

His Canadian Holdings, Which Are Most in Southern Alberta, go to His Three Children and His Widow.

London, Sept. 4.—The Duke of Sutherland, who, during the last few years, became an extensive land owner in Canada and was interested in various colonization schemes, mainly in Southern Alberta, left an estate here valued at over \$6,000,000.

The Duke left one-fourth of his Canadian property to each of his three children, these being the present Duke of Sutherland, Lady Rosemary Sutherland-Leveson-Gower, and the remaining fourth to his widow, the Dowager Duchess, with the remainder to be divided among his three children, the Duke of the B. Hon. Henry Chaplin, son of the Duke.

These properties are to be bequeathed to a company and shares allotted to the Duke.

Other legacies show that the Duke invested largely in C.P.R. stocks.

THIRTY-FIVE NEW TOWNSHIPS PICKED.

Thirty-five new townships in the Athabasca Landing and Fort McMurray districts will be put on the map this fall, according to C. F. Milne, inspector of government surveys, who has just returned to the city after a trip which took him as far north as Fort McMurray.

Mr. Milne, who is registered at the Alberta, started today on his tour of inspection of the Athabasca Landing and Fort McMurray districts.

KLEINWORTS GET \$4,000,000 FOR A PRICE OF 93

Original Agreement is Cancelled and City Sustains Another Loss.

BANKERS' COUNSEL SAYS COUNCIL MUST APPROVE

Mayor Denies This and Asserts that a Special Meeting to Ratify New Arrangement Will Not Be Necessary.

After negotiating for over a month with Kleinworts, during which time no information has been given out to the public, the special finance committee has finally agreed to accept Kleinworts' offer of \$4,000,000 at 93.

Last session the mayor called to Kleinworts that he would accept this offer and the agreement was accordingly forwarded to the council.

When the agreement arrived the mayor would not sign it unless the Kleinworts were prepared to live up to the original agreement. This they refused to do, and stipulated in the agreement that the former bargain was off.

While the new agreement has not yet been signed, it is understood that \$4,000,000 is being put up by Kleinworts at 93 and that the original agreement was prepared to live up to that price was being received for the \$4,000,000 worth of debentures he stated that it was at a reduced price, but he did not care to make it public; at least not until the agreement has been signed and final concluded.

Solicitor Morris, who is acting for Kleinworts, stated that the deal was about closed, and he thought that it could not be done legally unless a special meeting of the council is called to authorize the mayor and clerk to sign the agreement. He declined to commit himself to the terms of the agreement.

The mayor states that it will not be necessary to call a special meeting of the council to execute the agreement.

SENATE MAJORITY SWINGS SOLID FOR TARIFF BILL

Amendment Intended to Regulate Trusts Defeated—Senator Kenyon's Proposal Rejected.

Washington, Sept. 4.—One of the most important events of the week which threatened the peaceful passage of the Underwood-Summers tariff bill dissolved into thin air yesterday. When the senate majority swung solidly into line behind its leaders to defeat an amendment designed to regulate trusts.

By a vote of 55 to 12, the senate rejected a proposal by Senator Kenyon to amend the tariff bill to regulate trusts. The amendment was rejected by a vote of 55 to 12.

The amendment was rejected by a vote of 55 to 12.

DOMINION ALLIANCE ASKS FOR PROHIBITION BILL

After Passing Resolutions Which Will Be Presented to Government Convention Appoints Western Officers.

Toronto, Sept. 4.—"Recognizing that in the face of the conditions confronting our Dominion, created by the tremendous tide of immigration pouring in among us from the countries where the liquor traffic is not so effectively curbed as here, we deem it all important that every effort should be made to secure the early passage of the enactment of a Dominion prohibition law of the amplest character."

Prefacing their recommendation, which the foregoing statement of the legislative committee of the Dominion alliance council brought in a resolution this morning with the end in view of obtaining a declaration of the Dominion alliance in the Dominion parliament during the next session. Vice-presidents were appointed for the west as follows:

Manitoba, Rev. Archbishop Maloney; Winnipeg, Rev. G. W. Gordon, D.D.; Alberta, Rev. A. R. Aldridge, North Edmonton; Rev. J. Clark, Calgary.

Resolutions.

Toronto, Sept. 4.—Two important resolutions, one dealing with the military of the boy scout organization, and the other recommending a change in the matriculation curriculum, were passed yesterday afternoon at the first session of the annual meeting of the General Board of Sunday schools and young people's societies of the Methodist church in Canada and Newfoundland.

The most important resolution passed was that recommending a change in the courses of the matriculation curriculum. The resolutions ask that the Sunday school teachers in each province make representation to the departments of public study be outlined for a course of Bible study as an optional subject on the curriculum for matriculation.

and teacher's certificates examinations. The board also declared the fact that the boy scout movement is being converted into a military organization and in view of this the following resolution: "That we deplore the fact that the military authorities of Canada have made the attempt to turn to military account the boy scout organization and we would urge all scout masters and others in responsible positions in the scout movement to make clear distinction between the aid and cadet movement and preserve it under the best moral and religious supervision."

It will be built in four units, the first unit will be a capacity of 40,000 barrels of flour. The project on which will be commenced in the spring.

TORONTO HEALTH BOARD SPENDS MUCH CITY COIN

Has Made Arrangements to Help Poor People at an Expense of Over Ten Thousand Dollars.

Toronto, Sept. 4.—Ten thousand dollars is the amount that the health board of health in the installation of sanitary conveniences in buildings whose owners are unable to pay for them immediately out of their own pockets.

Dr. Hastings pointed out today that the municipality is authorized by the public health act to install such conveniences at the expense of the owners and to collect for same with interest at five per cent, within five years. The medical officer of health is going to the medical officers who deliver bread, and other bakery products to your white floured cotton or linen gloves, because it has repeatedly been demonstrated that the human hand is a common source of the spreading of germs of communicable diseases.

SKELETONS FOUND IN NORTH.
Vancouver, Sept. 4.—A letter from the north country last night state that a number of human bones were found in an old tent site near the mouth of the Skeena, on the way to Dawson, in the Yukon. The bones had evidently been buried for many years. On the heavier bones, not far from this place, were found the bones of another human being. The bones were found in the tent or by the side of a tent, and it is believed that the bones were the remains of a man who had been killed and buried in the tent.

MUCH OPIUM THROWN INTO THE PACIFIC OCEAN

Only 50 Cans of It Were Discovered on the Manchuria When It Arrived.

San Francisco, Sept. 4.—United States customs officials expressed their surprise at a large quantity of opium which was thrown into the sea from the Pacific Mail liner Manchuria before the vessel arrived here on Monday, and that the 50 cans of the drug discovered on board formed only a small portion of a big shipment.

Threat all of the wireless stations near here were placed on close watch days before the steamer arrived, it developed yesterday that a message had been sent to the vessel from some station. Passengers and crew knew in advance of the search of the Manchuria was continued yesterday, no more opium was found.

NEW SHIP YARD ON PACIFIC.
London, Sept. 4.—The shipbuilding and ship repair works that were built on the site of the old shipyard at Victoria, B.C., are now being used for the construction of a new shipyard. The new shipyard is being built on a site of about 100 acres, and it is expected that it will be completed within a few years. The new shipyard will be able to build ships of up to 10,000 tons, and it will also be able to repair ships of up to 10,000 tons.

THOUSANDS GO TO GRAVE OF NOLAN

Mourners Attend Funeral of
Laborer While Police Hide
Behind Tombstones

Dublin, Sept. 4.—Two miles of mourners followed to the grave yesterday the bodies of James Nolan, a laborer who was killed by the police during a strike last Saturday. Through the heat and dust of the main streets, and beyond to the cemetery at Glasnevin, five miles away, more than 20,000 men and women thronged to the funeral of three hands. They marched with heavy step and with sudden faces of persons nursing sorrow.

There was one moment of swift panic to break the steady thronging to the grave. Restless horses bulled just as the hearse was passing the Imperial hotel in Sackville street, where 10,000 persons were congregated. So nervous was the crowd after the events of the past few days that shouts of "police" were raised and in an instant hundreds of women, many carrying babies, were running for safety into the houses.

DISCOVERED PRISONER HAD SAWED BARS OF HIS CELL

Member of Stony Mountain Gang of Desperados Succeeded in Nearly Escaping from Kingston Pen.

Kingston, Sept. 4.—Inspection of bars in the cell of Frank Jones, one of the members of the Stony Mountain gang of desperados transferred here two years ago, showed he had in some manner cut through one of the bars in an attempt to make his escape. The discovery was made yesterday morning by one of the keepers. A saw was evidently used. Jones, 31, is a native of Ontario, and was in the Kingston pen for a year and a half.

When the prison was broken and the hearse containing the coffin was left desolated except for half a dozen men who bore a large cross on poles. Quite 50,000 persons were at the cemetery. What police were present were hidden behind tombstones.

MORAN KNOCKS AL PALZER OUT IN 7TH ROUND

Pittsburg Heavyweight Proves
His Ability With The Gloves
Beating Palzer

New York, Sept. 3.—Frank Moran the Pittsburgh heavyweight fought Al Palzer of Iowa in the seventh round of their scheduled fight at the Nicholas Athletic club here last night.

In the fifth Moran knocked right and left smashes on the face and it looked as though Palzer's nose was broken but it was only the stirring up of an old injury. Palzer landed a hard left over the right eye from which Moran bled freely.

In the next round Moran kept forcing the fighting and with two rights to the jaw in quick succession he knocked Palzer down again for a count of nine. Palzer was only on his feet a couple of seconds when the bell ended the round.

Moran rushed matters at the start of the seventh round and after feinting with left drove a right across to the point of the jaw and Palzer reeled and fell flat on his face and was counted out.

The time of the last round was exactly 20 seconds. Palzer had to be helped to his feet by his seconds and Moran assisted him to his corner.

MOOSE JAW NOW LEADS QUAKERS IN PENNANT WINNING FINAL SPLIT

Millers Pounded Saskatoon Pitchers Hard Making Total of Eleven
Runs to Quakers Two—Umpire Dyer Chased From Field By
Angry Mob—Roxbach Was Chased Off Field.

Saskatoon, Sept. 4.—The Quakers used three pitchers in a futile effort to head off Moose Jaw in the third game of the post season for the Western Canada league championship played on the home grounds yesterday afternoon and two runs was the best they could do while the noble Hoosiers scored 11 in a completely one-sided contest.

The locals first Collins out in the first inning. Moose Jaw got one run. Ford was put in the second session. The Hoosiers won their fourth more. Then Churchill went on the mound and pitched the remainder of the game.

For five innings the Hoosiers were scattered but in the sixth and ninth the visitors bunched singles and doubles and home runs on him for a total of six runs.

Gavin, for Moose Jaw hit free, by times but was effective in times.

Home Run Gavin.

In the second inning Gavin hit the home run that put the Hoosiers in the lead. He was followed by a double and a home run. In the ninth inning Fortner repeated the home run performance, sending up two runs ahead of him.

Wrangling among the players marked the final inning over a close decision of the umpire, and Roxbach used some offensive language that elicited protests from the bleachers. The umpire of the trouble was that Roxbach retired to the visitor's bench, Steele taking his place in right field.

Hard on Dyer.

At the close of the game a crowd of the Hoosiers made a rush for Umpire Dyer who was hustled into a waiting auto and rode hurriedly away before any damage was done.

Both teams went to midnight tonight for Moose Jaw where they will play the remainder of the post season. The noble Hoosiers have two games yet to play before they are sure of the pennant.

Carriage to Continue Baseball

Boston, Sept. 4.—That President J. R. Allen, of the world's championship Boston American baseball team, believed Manager Carrigan capable of leading the team again pennant winner was demonstrated yesterday when he was re-elected to continue as manager during the season, the terms of the contract were not announced, but it is understood that Carrigan received a substantial increase in salary.

Carrigan was appointed manager of the team last season following the release of Jake Stahl, who played the season in a world's championship last year.

SWIFTS DEFEAT ENGLAND'S SONS BY WIDE SCORE

First Game for the Charity
Shield Provides Good Con-
test—Score 5 to 1

The Swifts football team defeated the Sons of England in a well contested soccer game at Diamond Park last evening, the score being 5 to 1. The Swifts played a very strong one and should come near winning the shield. It was nearly 6.30 before the game was started by Referee Crossley.

Just as a kind of a stimulant to enable them to play a better game a photograph was slipped up and took a snap of the Swifts before the game started. That assisted in delaying the start.

The Sons started in whirlwind fashion, making fast and desperate rushes up the field. However, their steam did not last long enough, and in a few minutes the Swifts were able to work the ball up into the Swifts' half.

It was only a few minutes after the start was resumed until the Sons placed the ball in the proper place. The interval arrived with the score 3-1 in favor of the Swifts. After the interval the placed two more tallies to their credit, 5 to 1, Thompson.

THESE CON- FOR BACK PAY

Nearly Dozen Lacrosse Players
Start Action To Get Money
Totaling \$4000.

Vancouver, Sept. 4.—A writ against Con Jones, the lacrosse promoter, was filed at the court house yesterday by the lacrosse players for back pay, claiming \$4000 arrears of salary under the contract to play for Con Jones during the lacrosse season of 1912 at a salary of \$500 a week. Similar action is being taken by Mickey Ito, Hektoris, Joe Gormann, Nichols and West, the aggregate claims totaling just under \$5000.

It is claimed by the players that their contracts were made for periods of 20 weeks from May 12, 1912. The salaries were promptly paid until July 7, at which time they severed their connection with the lacrosse league following disputes with that body. Since the time further salaries were paid, though the players allege they were asked by Con Jones to stand by him in his difficulties with the league and after, and agreed to do so. So far no defense has been filed, though letters have been received in which the players are asked to pay the money and after the date he stepped out of the lacrosse game.

LOCAL RIPPLES.

There is a strong probability that the Australian cricket team will return to Edmonton for another game during the season of 1912. The Australian cricket team have been making arrangements for the tour and it is altogether likely that they will be played.

Jack Forbes, the Scotch wrestler whose challenge to the position of champion in Canada was published in the Capital a few days ago, is in Vancouver. The challenger has been accepted by a man named Smith. Forbes is willing to meet Smith, but there should be no difficulty in arranging a match.

The University rugby club is getting down to hard practice. Nearly every day the bunch is doing some hard work, and the University players will have some hard opposition in the big four after it.

TODAY IN PUGILISTIC ANNALS.

1911—Johnny Kilbane knocked out Joe Blackburn in the fourth round. This was his last fight. Kilbane was a champion of the world in the heavyweight division. HAD A TERRIBLE ATTACK OF DIARRHOEA

BUT
DR. FOWLER'S
EXTRACT OF
WILD STRAWBERRY
CURED HER.

Mrs. Jacob Smith, Manor, Sask., writes: "I am pleased to express my gratitude for your remedy in my case. I had a terrible attack of Diarrhoea. Just about every three minutes I would have a passage, and it would keep me up for a week at a time, causing the passage of bloody water. I was so pained and weak, I could not do anything. Seeing your Dr. FOWLER'S EXTRACT OF WILD STRAWBERRY recommended, I tried it, and it did it thoroughly cured me. It is the only medicine I will now have for this complaint."

DR. FOWLER'S EXTRACT OF WILD STRAWBERRY has been on the market for over 60 years, and is known from one end of Canada to the other as a certain cure for all Bowel and Summer Complaints.

"When you ask for 'Dr. FOWLER'S' and get it, it will be many imitations. The genuine is manufactured by The T. Millburn Co., Limited, Toronto, Ont. Price, 35 cents."

REGIMENT MAKES BRAVE SHOWING
Annual Company Competitions Held Last Night Resulted in Win for "H Co."

On Wednesday evening the annual company competitions of the 101st Regiment Edmonton Fusiliers took place in the army on Second street. Three companies entered the competition and while the contest was in progress, "H Co." commanded by Captain McLeod, was awarded the silver shield presented by Kiam Chapter, "O. C. Co." commanded by Captain MacInnis, was awarded the shield donated by the officers of the regiment.

Mrs. (Dr.) Revell, Regent of Kiam Chapter, presented the silver shield, and in a very patriotic speech, expressed her pleasure in the event, and also to note the progress that the regiment was making.

Mrs. Osborn, in a very neat speech, presented the regimental shield on behalf of the officers. Col. C. B. Edwards very kindly acted as judge of the number of guests were present. During the intermissions in the contest, Dr. Harwood entertained the guests with several songs.

Mr. Tobit also contributed a few songs.

The 101st band was out in full strength and gave a long program of concert selections.

Quite a number of guests were present, prominent among them being the representatives of the Daughters of the Empire.

Refreshments were served at the close of the evening.

NEWS OF THE CITY

Organize Welfare League—For the purpose of organizing a branch of the Canadian Welfare League in Edmonton J. S. Woodworth, secretary of the league, explained the objects of the movement to a number of local business men yesterday. A provisional committee was formed to take up details. The object of the league is to obtain information on social conditions, which is forwarded from branch to branch as it is desired.

Cutting in Peace River—The harvest in the Peace River district will prove a record this season, the yield being much larger than in any previous year, according to reports received from the north. Crops in the Grande Prairie district are also in very forward condition. There has been no frost at all so far, and a large number of the farmers in the Peace River country have finished cutting.

Board of Trade to Meet—For the purpose of considering a suitable method of making the departure of A. C. Fraser, formerly manager of the Merchants' Bank, who has been transferred to Vancouver, a special meeting of the board of trade has been called for this afternoon. Mr. Fraser took a great interest in the work of the board, of which he was a former president.

Passing Confederate Money—Complaints have been received by the police that attempts have been made by certain men to pass Confederate bills on unsuspecting people. The Confederate bills are of course worthless. Yesterday a woman living on the south side rented a room to two well-dressed men and charged for them a \$100 bill which could not be cashed at the bank, being Confederate money. Other cases have been reported to the police.

South Side Court—At the south side police court yesterday Magistrate Downs disposed of several cases where charges were preferred of shooting without license. Eight offenders came before the court, six of whom will have to pay fines of \$10 and costs for their infraction, while two cases were remanded.

Will Give Degree—Manchester Unity lodge of the Oddfellows will hold their next meeting on Thursday evening, September 11, at eight p.m. Candidates who are to be given their degree are requested to be present for the ceremony at 8:30.

Will Open Technical School—The new technical school will, it is expected, be opened on October 1. The work of construction of the old car barn into a temporary school has been carried on with great rapidity. Through a typographical error it was stated in the circular letter sent to the parents by W. L. Richardson, director of technical education, that the age at which pupils may enter the day classes was 14. Richardson stated that the letter should have read 14.

Will Hold Communion Service—Pro-Communion service will be held in Erskine Presbyterian church tomorrow evening at eight o'clock. The sermon of the occasion will be delivered by the Rev. Mr. Dallas. Sacrament of the Lord's supper will be dispensed on Sunday at the evening service.

McDougal Meeting at Church—There will be a practice of the McDougal choir—Thurs. Sept. 4, at eight o'clock. The choir will be practicing at eight o'clock. The choir will be practicing at eight o'clock. The choir will be practicing at eight o'clock.

No Meeting of Rebekahs—Jewel Rebekah lodge will not hold their regular meeting this evening owing to the hall being in the hands of the decorators.

New Catholic Parish—A new Catholic parish to be known as St. Benedict's has been formed in the Strathcona subdivision, lot 1, block 8, north of 14th street. A large poverty church will be built to meet the immediate needs of the new congregation. It will cost in the neighborhood of \$2,000.

MUNICIPAL NEWS.

New Jeffers Demand—The city architect has notified the commissioners through his solicitors, Wallbridge, Hemwood and Osborn, that he withdraws his request for a month's salary in lieu of notice, and instead demands the balance of his year's salary. Mr. Jeffers was employed by the city, according to his agreement, for a certain sum for the year, and therefore, he is now demanding that the city shall pay him for the full year. The matter has been referred to the city solicitor.

Unpaid Fee Reported—The mayor ordered a copy of a letter received from the city engineer in reference to the unpaid collection of the fare along the high bank in the rear of the Bulletin office sent on to the Hon. Mr. Oliver. At the present time old cans and other rubbish is dumped over the brow of the high bank, and this, together with a water running down the steep bank, is making a mudslide. It is suggested that the water running down the steep bank is making a mudslide. It is suggested that the water running down the steep bank is making a mudslide.

Many Complaints Made—Many complaints have been made about the condition of Third street, south of McArthur avenue, where it is practically impossible for delivery wagons to get near the houses. The mayor told the commissioners yesterday that the matter had been referred to Dan Alton and the city engineer, but that nothing had been done and, therefore, one of the commissioners must take immediate steps to have something done. Accordingly he referred the matter to Commissioner McLean.

Saw Beaver Fill Cellar—Complaint was made to the commissioners yesterday by W. A. Elliott about the condition of a sewer at the rear of his premises, which is flooding his cellar. According to his letter Elliott built some three months ago and so outlet provided. It fills up after a rain storm and the water backs into the cellar. Mr. Elliott's house is at Beech avenue and Kennedy street. The city engineer has been notified to take immediate steps to have the sewer put in such shape that it will not overflow and damage adjoining property.

Van Auberg on Trip—Paul A. van Auberg, the ex-bank superintendent, intends leaving Saturday for a trip into the Peace River country. Mr. van Auberg states that he has been so much of the wonderful country to the north that he cannot further resist the temptation to see it for himself. He expects to be away for about a month and will spend most of his time in hunting and sight-seeing.

To Connect Car Tracks—The permanent paving on Main street, south of White avenue, is being torn up this week to allow the laying of specials at the intersection of Main and White streets. The work will be completed in a few days.
